

A NEW VEHICLE FOR “STOP AND FRISK”: UPDATE

APPENDIX

This is the Appendix to the report, *A New Vehicle for “Stop and Frisk”: Update*. The Update contains excerpts of emails exchanged among CPD leadership regarding traffic stops during late summer 2020. This Appendix provides the source material for those excerpts as well as other emails produced that reflect CPD strategy, as described below.

On April 5, 2022, Impact for Equity submitted a Freedom of Information Act request to Chicago Police Department for: (1) all reports submitted in preparation for regular internal CPD CompStat meetings describing traffic stops and all presentations made during regular internal CPD CompStat meetings describing traffic stops for the period of August – October 2020; and (2) all email communications between the Superintendent of Police, the Bureau of Patrol Chief, the Area 4 Deputy Chief, the District 10 Commander, the District 11 Commander, and the District 15 Commander regarding traffic stops for the time period of August, September, and October 2020. The request was denied as “unduly burdensome.”

On September 23, 2022, a narrowed request for only the email communications regarding traffic stops between the enumerated officials was submitted and, after an initial denial and a subsequent appeal to the Public Access Counselor, ultimately fulfilled.

Impact for Equity received the responsive emails from CPD on March 31, 2023. The response contained over 550 emails. The majority of these emails were sent among CPD leadership circulating regular briefings of traffic stop numbers and contained no commentary and many were duplicates. However, a number of emails exchanged within this period did include commentary regarding CPD’s strategy around traffic stops during this three-month time frame.

The email records provided did not contain the attachments referred to therein, and on April 7, 2023, Impact for Equity submitted another Freedom of Information Act request for a small sample of the traffic stop data reports attached to the emails. Impact for Equity received this response on April 24, 2023.

This Appendix includes all emails received in response to our Freedom of Information Act request that include commentary on traffic stops strategy and any corresponding attachments that we received. These emails and attachments represent communications that: were limited to the three-month period of August – October 2020; were limited to the email communications among the Superintendent of Police, the Bureau of Patrol Chief, the Area 4 Deputy Chief, the District 10 Commander, the District 11 Commander, and the District 15 Commander; and were limited to communications regarding traffic stops. Therefore, this Appendix likely represents only a snapshot of the communications regarding traffic stops among CPD leadership at that time.

Cmdrs,

Please give your WOLs daily reminders of the importance of traffic stops. The traffic stops are needed to assist with the combat against violence. The present traffic stops are not not sufficient.

Subject: Fw: Area Four Traffic Stops (09SEP20)
Attachments: 09Sep20 - Area Four Traffic Stop Summary Report.pdf

1st Watch: 2200 hrs -0600 hrs
2nd Watch: 0600 hrs - 1400 hrs
3rd Watch: 1400 hrs - 2200 hrs
4th Watch: Based off TACT teams

Traffic stops reduce opportunities for shootings. The attached document is a breakdown of traffic stops per watch in your districts. Please ensure all units are going down on stops. Tact is drastically low, which is may be a result of them not going down on their stops.

All,

See attached report. I know that manpower is a struggle but we can do better when it comes to traffic stops. We are not covering all of the fixed post that were required during the summer months. I've asked each WOL to assign cars to traffic missions and have those cars submit the activity to the "WOL" prior to the end of their tour for review and discussion (with the assigned officers). When the missions are conducted I've heard sergeants request that the cars bring the activity in to the watch secretary. That's not what my request was. We need to address this issue and correct immediately. This will be placed squarely on the WOL to show an increase in our traffic related enforcement on your watch. Again, this is not about numbers it's a strategy to address shootings and robberies. The Captain and I will be meeting with the WOL's within the next week to discuss your strategies. The strategies should just be one car assigned to the mission.

Tact should be leading the district in stops with the watches closely behind. 011 has the most violence and should be leading the city (Districts) in stops.

"They are making the stops but not recording them" is not a valid reason.

Capt McKenzie see me about this matter today.

Respectfully,

DS

It is clear that your first watch is struggling, please develop a plan to increase traffic stops on the first watch. I am sure this is not only being monitored by me. Cmdr Robinson please assist the 011th District in developing a plan?

Respectfully,

***Ernest Cato III
Deputy Chief
Office of Operations-Area Four
Chicago Police Department
